CHAIRMAN'S REVIEW

The directors of Burger Fuel Worldwide Limited (BFW) are pleased to report that the unaudited profit is up 203% to \$224,554 for the six months to 30 September 2011.

This compares with a loss of (\$219,022) for the same period last year.

Total unaudited BurgerFuel worldwide system sales are also up 6.55% to \$17,437,305 (excl GST) on the same period last year.

BFW RESULTS (UNAUDITED) FOR THE PERIOD 1 APRIL TO 30 SEPTEMBER 2011

	30 Sept 2011	30 Sept 2010
	\$000	\$000
Operating Revenue	4,870	4,201
Operating Expenses	(4,645)	(4,420)
	<u>225</u>	<u>(219)</u>

Total operating revenue is up by 16% from \$4,201,400 to \$4,869,700

The focus in 2011 has been on international expansion in the Middle East as well as the continued re-shaping of the New Zealand company to better serve the international operations. The year has so far seen the opening of an additional four stores; two more in Saudi Arabia and two more in Dubai, taking the total number in the region to six. Two of these stores were opened in October 2011. More stores are currently planned and under construction in both those regions.

New Zealand system sales remain strong and are up 5.6% which includes the re-opening of the relocated Bayfair store in Mt Maunganui.

In Australia, we continue to operate one store under franchise and at this stage there are no further stores planned there. However, the board will continue to monitor that position with a view to eventually establishing a single or multi master licensee(s) in Australia.

Results for this period demonstrate a determined focus to grow company profits, whilst at the same time balancing out the need for further investment into our international expansion.

As at 30 September 2011 the group had \$1,159,367 in cash with no borrowings.

On behalf of the board of directors of Burger Fuel Worldwide Limited I would like to thank all of our shareholders for their ongoing support.

Yours sincerely

Peter Brook
Chairman
BurgerFuel Worldwide

CHIEF EXECUTIVE'S REVIEW

FIRST HALF 2011

NEW ZEALAND

Total unaudited system sales in NZ for the period 1 April to 30 September 2011 were up 5.61% to \$14,192,448 (excl GST). As mentioned by the Chairman there were no new BurgerFuel stores opened in this period in New Zealand although the figures include the re-opening of the relocated Bayfair store in Mt Maunganui. The company continued its dedicated focus on the Middle East expansion where wealth and population continue to expand.

BurgerFuel is now looking at growth opportunities in New Zealand for new stores and new territories, actively searching for new franchisees and sites in both the North and South Island. Opportunities are still available within main centres such as Auckland, Wellington and Christchurch. The company is processing applications from both within the existing network of BurgerFuel franchisees looking at their second, third or in some cases fourth stores as well as new applicants hoping to take part in the BurgerFuel success story themselves.

However, there remains a sense of economic uncertainty here, where in general costs continue to rise in this country and retail rents, in most cases remain unrealistically high. We will still be moving forward with controlled and methodical processes to ensure profitability within our franchise system remains strong.

Essentially we are continuing to improve the New Zealand system with stronger sales and new store growth but also extend our focus on international support by way of export of goods and services to our growing Middle Eastern network. BurgerFuel exports 100% pure New Zealand grass fed beef to all our stores serving customers around the world.

AUSTRALIA

BurgerFuel Australia (unaudited) system sales for the period 1 April to 30 September 2011 decreased 48.57% to NZD \$571,641. This was due to the closure of our Kings Cross store on 28 November 2010.

The Newtown store, located near the University of Sydney, represents the BurgerFuel brand well in a site holding a demographic and community similar to that of the original Ponsonby store in Auckland.

INTERNATIONAL (UAE & SAUDI ARABIA)

BurgerFuel Middle East (unaudited) system sales for the period 1 April to 30 September 2011 increased by 47.29% to NZD \$2,673,216.

Both Dubai (UAE) and Saudi Arabia experienced strong growth in the period and we continue to expand the chain in both countries. There are now 6 stores operating in that region (of which two opened in October) with more stores planned to open there over the next 12 months.

Our first store in Iraq opened in January 2012.

This year has also seen the successful negotiation of the Master License for Egypt where BurgerFuel will commence opening stores in Cairo around the middle of 2012.

During the period our partners who hold the BurgerFuel rights for UAE have successfully negotiated a joint venture for the construction and operation of BurgerFuel stores in Abu Dhabi. We expect construction to commence on those stores in the second quarter of 2012.

CHIEF EXECUTIVE'S REVIEW (CONTINUED)

SUMMARY

In summary, both New Zealand and the Middle East continue to be our key focus.

BurgerFuel is now continuing to evolve into a New Zealand based international franchise business. The year ahead will represent more of the same. A focus on more stores, better service to our ever expanding customer base and further systemisation to ensure a stronger more scalable business model - will see us continue to make solid progress.

The BurgerFuel brand is strengthening in value every day and it is our intention to continue to build the brand and the business in a sustainable and solid way, paving the way for more of our burgers to be sold in more stores and in more countries around the world.

Whilst we are always mindful of returning profits to shareholders by way of dividends it is essential that at this time we continue investment to support growth and take a relatively long-term view of our operation.

We continue to prove that BurgerFuel is becoming a global brand and can perform on the world stage in its own right.

Yours sincerely
